SUB—Devaluation of rupee—consequential increase in the rupee value of import licence.

No. I&E/IV/3-2/66—Attention is invited to Iron & Steel Controller's Public Notice No. I&E/IV/3-2/66, dated the 16th June, 1966, according to which licensees holding licences issued by the Iron & Steel Controller, Calcutta and/or his Regional Offices at Bombay, Madras and New Delhi, were required to apply to the licensing office concerned of Iron & Steel Controller for enhancement in the rupee value of import licences as a result of devaluation of the rupee except in cases where goods have been shipped on or before the 10th June, 1966 leaving no balance in the licence for further utilisation.

2. On a review of the position, it has been decided that the licensees in whose cases the value of import licences has not yet been enhanced as a result of devaluation of the rupee, need not apply to the licensing authorities for enhancement. The value of their licences will be deemed to have been automatically enhanced for the purpose of clearance and remittance to the extent of 57.5% of that portion of the value of the licence which has not been utilised on or before the 5th June, 1966 and of the full extent of the value in respect of licences issued on or after the 6th June, 1966 but not later than the 10th June, 1966, as provided in the Ministry of Commerce Public Notice No. 75-IPC(PN)/66, dated the 7th June, 1966 and Iron & Steel Controller's Public Notice No. I&E/IV/3-2/66, dated 16-6-66.

3. The enhancement in value in the Customs copy of the licence will be recorded by the Customs authorities when the licensee produces to them his licence at the time of clearance of the next consignment. Similarly enhancement in value in the Exchange Control copy of the licence will be recorded by an authorised dealer in foreign exchange at the time of the next remittance but this will be subject to the licensee furnishing to the authorised dealer in foreign exchange the information in the form annexed to this Public Notice.

4. Import licences which have already been presented to the licensing authorities upto the date of this Public Notice but in respect of which enhancement has not yet been made will be returned to the parties concerned to enable them to present the same to the Customs authorities and the authorised dealers in foreign exchange to have the enhancement in value recorded in their licences as provided in this Public Notice.

5. In cases where the goods have been shipped on or before the 10th June, 1966 leaving no balance in the value of the licence for further utilisation, it has already been provided in the Ministry of Commerce Public Notice No. 80-ITC(PN)66, dated the 10th June, 1966 and Iron & Steel Controller's Public Notice No. I&E/IV/3-2/66, dated 16-6-66, that in such cases the value of the licence will be deemed to be automatically enhanced. In such cases the licensee will also not be required to furnish the information referred to in para 3 above to the authorised dealers in foreign exchange. This will also apply to cases where there is any balance left in the licence but the licensee gives a declaration to the Customs authorities to the effect that he does not intend to utilise the balance. Such declaration can be given on a plain paper.
